BACK UP SUPPORT

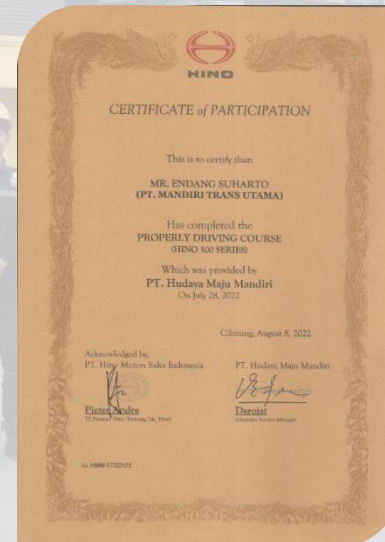

PT. Mandiri Trans Utama have main workshop located in Bekasi which comply to truck manufacture specification.

We consider communication is very important, we have to be able to locate every single truck position in a time. To ensure this is done we use "In-Vehicle Monitoring System", a system which tracking vehicle position.

Service car is always standby, they will immediately leave for location when emergency call received.

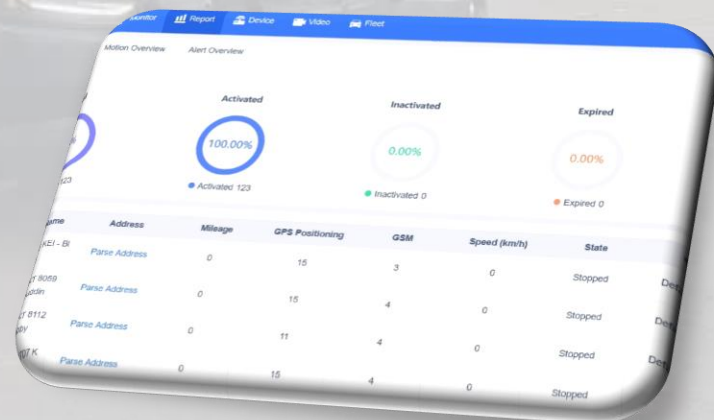

We have well trained mechanics available 24 hours including tools and parts.

IN-VEHICLE MONITORING SYSTEM (IVMS)

All trucks of MTU already equipped with IVMS with purpose :

- Monitoring vehicle position
- Alert if driver don't driving safely (overspeed, harsh brake, sharp turn, dangerous acceleration, etc)
- Analyze driver's behaviour
- Investigation purpose
